

CAREER DEVELOPMENT CENTER IDC STAFF INSTRUCTOR

PADI IDC Staff Instructors are PADI Instructors moving towards instructor-level training or teaching the Instructor Development Course (IDC). IDC Staff Instructors can independently train and certify PADI Assistant Instructors as well as help train PADI Open Water Scuba Instructors. Learn from the professionals at Ocean Enterprises, and receive hands on evaluation training to prepare you to teach the AI course. This is a great step in getting ready for the Master Instructor rating. You may be able to get college credit for this course! Go to <http://www.padi.com/padi/en/footerlinks/collegerecreditsace.aspx> for details.

What can I do as a PADI IDC Staff Instructor?

- Teach PADI Assistant Instructor courses
- Help PADI Course Directors conduct the PADI Instructor Development Course
- Help PADI Course Directors conduct instructor-level continuing education

What qualifications do I need to start?

- PADI Master Scuba Diver Trainer certification
- 18 years old

What will I do?

- Become a Master of instructor-level dive theory, knowledge development teaching presentations and confined water teaching presentations
- Audit a complete IDC

How long will it take?

- Two course days plus a complete IDC audit

What will I need?

- Purchase course and PIC Card
- PADI Course Director Manual
- Confined Water Presentation Evaluation Slate
- Open Water Presentation Evaluation Slate
- All IDC required materials
- Course dates: Starts one day before the start of the IDC, and then runs in conjunction with the IDC course.
