

PROJECT AWARE SPECIALTY

The Fun Part

The underwater world needs heroes. You can be one of them by championing the causes of the world's most fragile and important aquatic ecosystems. You can make a difference. Learn about some of the most pressing problems facing these vulnerable environments and everyday actions you can take to help conserve them. It's informative, interesting and most importantly, you learn how to make a difference. Project AWARE Foundation is the scuba diving industry's leading nonprofit environmental organization dedicated to conserving the aquatic environment through education, advocacy and action. Besides completing the Project AWARE Specialty course, you can become a partner in the efforts to preserve the underwater environment.

What qualifications do I need to start?

- There are no prerequisites for this course.

What will I do?

- Learn about the ocean commons and coastal zone issues
- Fisheries challenges and sustainability
- Coral environment overview and inhabitants
- The role of the scuba diver in protecting aquatic environments

How long will it take?
